Re: Seed mix conversation, 11 January 1999.

Dear Mr. Lamoreaux:

I mentioned that I would provide you with the appropriate seed mixture for restoration work on your Butler Valley Claims. Our plant specialist has provided the following mix for this area:

Indian Ricegrass - 2 lb/acre  
Western Wheatgrass - 2 lb/acre  
Curleygrass - 1/2 lb/acre  
Silver Leaf Buffaloberry - 1/2 lb/acre  
Brigham Tea - 1/2 lb/acre  
Sand Dropseed Grass - 1 lb/acre  
Corymbed Eriogonum - 1/2 lb/acre  
Fourwing Saltbush - 2 lb/acre

If broadcasted, the seed mixture will need to be doubled and raked or scarified to insure that the seed is covered.

If you have any further questions, please feel free to contact me at the above address, or by calling (435) 644-2672, Ext. 2650/2655.

Sincerely,

*J.D. Powell*
